## JOHN PRIDMORE

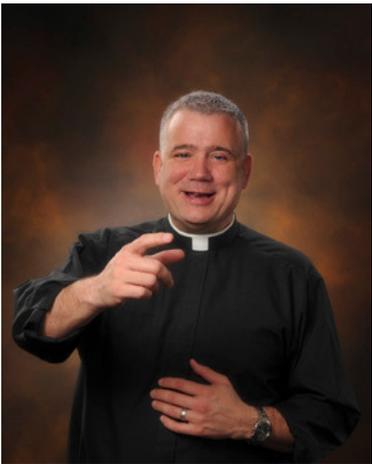

[www.johnpridmore.com](http://www.johnpridmore.com)

## AUGUST, SEPTEMBER & OCTOBER

John was born in the east end of London. At the age of 10, his parents got divorced and John made an unconscious decision not to love any more. At the age of 13 he had started stealing and by 15 he was put in a detention centre (youth prison). When John left home after having been released, his only qualification was stealing, so that's what he kept doing. At 19 he was in prison again and because of the way he had always dealt with pain through anger, he was always fighting. John was put on 23 hour solitary confinement and he came out even more angry and bitter. John started bouncing round the east and west end of London. He liked fighting so he thought he might as well get paid for it! He met some guys who seemed to have everything and started to work for them. Before long he wasn't working for them, he was working with them. These were the guys who ran most of the organised crime in London. These guys had what John thought was everything - money, power, girls, drugs and the lot. But yet there was something missing. This struck John more than ever when he thought he had killed someone outside of a nightclub he was working at. After nearly taking that man's life, something incredible happened and John's life began to change. John began working with at risk youth showing them there is another path than the violent one he took. John now travels internationally speaking full-time in parishes, schools and prisons to tens of thousands of people each year.

## TIM STAPLES

[www.timstaples.com](http://www.timstaples.com)

**OCTOBER 10 - 17**

Tim Staples is Director of Apologetics and Evangelisation at Catholic Answers, but he was not always Catholic. Tim was raised a Southern Baptist. Although he fell away from the faith of his childhood, Tim came back to faith in Christ during his late teen years through the witness of Christian televangelists. Soon after, Tim joined the Marine Corps. During his four-year tour, he became involved in ministry with various Assemblies of God communities. Immediately after his tour of duty, Tim enrolled in Jimmy Swaggart Bible College and became a youth minister in an Assembly of God community. During his final year in the Marines, however, Tim met a Marine who really knew his faith and challenged Tim to study Catholicism from Catholic and historical sources. That encounter sparked a two-year search for the truth. Tim was determined to prove Catholicism wrong, but he ended up studying his way to the last place he thought he would ever end up: the Catholic Church! He converted to Catholicism in 1988 and spent the following six years in formation for the priesthood, earning a degree in philosophy from St. Charles Borromeo Seminary in Overbrook, Pennsylvania. He then studied theology on a graduate level at Mount St. Mary's Seminary in Emmitsburg, Maryland, for two years. Realising that his calling was not to the priesthood, Tim left the seminary in 1994 and has been working in Catholic apologetics and evangelisation ever since.

## MIKE MANGIONE

[www.mikemangione.com](http://www.mikemangione.com)

**NOVEMBER**

I co-founded The Cor Project with speaker and author, Christopher West. I toured the country and traveled the world. That endeavor, combined with my music and band, has taken me deep into places I never would have imagined I'd go. I mean this physically, spiritually, and emotionally; some have been good, and some horrible. I've gained some amazing friends, lost a few as well. I've been lifted so high and let down so much. I have had a few accomplishments and many more failures. I've met some fascinating people and some surprisingly toxic ones too. In the past year and a half I have begun a couple of new projects while maintaining my music career. The first being my new record, recorded back in LA and due out sometime in the future. The second is my podcast, "Time and The Mystery: Conversations with Mike Mangione." T&M is a conversational podcast in which I sit with public figures I have come to know over the years to discuss their inspiration, process, and ability to connect with others through their work. I find myself in strange places and sometimes with incredible people doing fantastic things and so ... I want to share. I don't consider myself very smart, opinionated, or an expert on anything. I see and experience things around me, I am affected and moved by them and so I create. I am a husband. I am a father of three. I am homeowner. I am perpetually tired.
